W. H. CHAMBERLIN, Furniture DealerKEEN ON HOCKEY THIS
YEAR.

Owing to the present favorable con-
ditions, especially so in regards to ice
prospects, interest in hockey circles
was never as keen, and plenty of good
material in and around Didsbury jus-
tifies this year at any rate the exist-
ence of the optimist as never before.

The town at least numbers a large
quota of young men, and from them
it is expected that Didsbury will re-
cruit one of the best teams in its
history.

A meeting was held Tuesday of last
week to arrange matters for the com-
ing season, including election of of-
ficers. Doc. Evans was elected presi-
dent, Clint Reiber vice-president, and
Ben Robinson, secretary-treasurer.

The executive consists of J. Mc-
Cloy, Geo. Julien, and C. Cook.

Clint Reiber was appointed man-
ager. The question of joining up with
the Amateur League was left over to
another meeting.

The executive was requested to in-
terview the caretaker of the rink and
endeavour to make some arrangement
with him relative to gate receipts,
shares, and hockey practice.

Other business included the fixing
of the membership fee at \$1, and ask-
ing the executive to look after the
erection of a penalty box and dress-
ing room.

It is hoped to begin practice some
time this week. Anyone desiring to
join up with the boys should see the
secretary.

MOUNTAIN VIEW NOTES

November 21st, 1927.

The ladies of the Mountain View
W.I. met at the home of Mrs. Bowlen
on November 17th. As the weather
was very cold, there was only a few
present. It was decided to hold our
Community Christmas Tree on Thurs-
day, December 22nd, also a dance dur-
ing the Christmas holidays on Decem-
ber 28th.

The December meeting will be held
at Mrs. Pearson's on December 7th.
As this is the annual business meet-
ing, we hope there will be a large at-
tendance.

There will be a dance in Commu-
nity Hall on December 9th. Bellamy's
four-piece orchestra.

PROVINCIAL SEED FAIR, JANU-
ARY 17-20

The Alberta Provincial Seed Fair
will be held in Calgary from January
17 to 20, at the same time as the
U.F.A. Annual Convention, announces
Field Crops Commissioner W. J.
Stephen. The first two days will be
occupied by the judging of entries and
a number of meetings will be held
during the last two days. The Alberta
Seed Growers' Association will hold
their annual meeting at the same
time. Entries are expected at the
Seed Fair from a number of exhibi-
tors in the province who are showing
at the forthcoming Chicago Interna-
tional Hay and Grain Show.

DATES SELECTED FOR U.F.A.
CONVENTION

The 1928 annual convention of the
United Farmers of Alberta will be
held from January 17 to 20, it is an-
nounced from the offices of the U.F.A.
in Calgary. It is likely that Calgary
will be selected as the meeting place,
last year's convention having met in
Edmonton. Resolutions to be submit-
ted to the convention are already com-
ing in to the U.F.A. office and a busy
four days' program is anticipated.

CHRISTMAS MAILS FOR
OVERSEAS

Parcels and other mail for delivery
in European countries before Christ-
mas should be mailed at as early a
date as possible, preferably within the
next two weeks, and at the very latest
to connect with the S.S. "Montclare"
from Saint John, December 6th.

Theatre Will Check Autos

Novel Experiment Is Planned For London In the Spring

If an experiment which will be tried by a Piccadilly Theatre when it opens next Spring is successful, London theatre goers who arrive in their own automobiles will be able to check at the door.

A new five-story garage with space for 5,000 cars is under construction near the theatre. It will be equipped with express elevators so as to expedite the handling of the cars. Reservations for the machines will be made when seats are purchased.

For all pains—Minard's Liniment.

It's a pretty safe plan to judge a man by the people he doesn't keep company with.

The BABY

No mother in this enlightened age would give her baby something she did not know was perfectly harmless, especially when a few drops of plain Castoria will right a baby's stomach and end almost any little ill. Fretfulness and fever, too; it seems no time until everything is serene.

That's the beauty of Castoria; its gentle influence seems just what is needed. It does all that castor oil might accomplish, without shock to the system. Without the evil taste, it's delicious! Being purely vegetable, you can give it as often as there's a sign of colic, constipation, diarrhoea, or need to aid sound, natural sleep.

Just one warning: It is genuine Fletcher's Castoria that physicians recommend. Other preparations may be just as free from all doubtful drugs, but no child of this writer's is going to test them! Besides, the look on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold.

Children Cry for Fletcher's CASTORIA

W. N. U. 1758

Alberta Steers For Chicago

Price Received Sets a New Figure For This Season

Forty-one head of Alberta grass-finished steers shipped to Chicago last month set a new figure on that market this season for this class of cattle. These steers sold at \$14.65 per hundred pounds, exceeding the previous high price by 65 cents. Good prices on the American markets have attracted large shipments of cattle from the western provinces during the past few months.

Flared Skirts Are Shown On Many Of the Newest Frocks

This charming one-piece frock, having the appearance of the two piece, would be smart if fashioned of either satin or soft woolen material. The modish flared skirt is joined to the bodice having a scalloped left side opening. The neck may be cut low and simply bound or made high and finished with a round collar. The long dart-fitted sleeves have band cuffs, and a belt causes a slight blousing. No. 1685 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 requires 3 1/2 yards 39-inch, or 2 1/4 yards 54-inch material. Price 20 cents the pattern. Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dress-maker. Price of the book 10 cents the copy.

WORLD HAPPENINGS BRIEFLY TOLD

The average cost of a weekly family budget of 29 staple foods was \$10.99 at the beginning of October as compared with \$10.87 for September.

Sir Harry Lauder, who has been in retirement in Scotland since the death of his wife last summer, will return to the stage in the winter.

All departments of the Alberta Government have been notified their programs of legislation for the next session of the legislature must be in hand by the end of December.

The Rev. Herbert Quarrie, athletic vicar of St. Andrew's parish, Jersey, proposes to conquer the English Channel in an exhibition swim to raise money to complete the building of his half-finished church.

Toes Kept Free From Sore Corns

When you notice any sign of callous on the feet or toes—that's the time to paint on a few drops of Putnam's Corn Extractor. Do this, and you prevent corns. No matter if the corn is hard or soft. Let it be on top or between the toes. Putnam's will remove it without pain. Insist on "Putnam's" Corn Extractor. It does the work—and roots out the corn.

Experts now say that America did not derive its name from Americanus Vespucius, but rather from the Indian's name for the land, "Amaroke."

Your Asthma, Too. The efficacy of Dr. J. D. Kellogg's Asthma Remedy is not something that is merely to be hoped for; it is to be expected. It seldom fails to bring relief, and in your own individual case it will do the same. So universal has been the success of this far-famed remedy that every one afflicted with this disease owes it to himself to try it.

A subway system of pneumatic tubes beneath New York streets delivers 5,000,000 letters daily to substations.

For Your Stock

Minard's is a handy and effective first aid both in the stable and barn.

SUNDAY SCHOOL LESSON

NOVEMBER 27

ISAIAH TEACHES TRUE WORSHIP

Golden Text: "Who shall ascend into the hill of Jehovah? And who shall stand in His Holy place? He that hath clean hands, and a pure heart."—Psalm 24:3, 4.

Lesson: Isaiah 1:1-20.

Devotional Reading: John 4:21-24.

Explanations and Comments

I. The Perverseness of God's People, verses 1-9.—"The Great Arraignment" is an apt phrase given to this chapter by Ewald. God's chosen people have rebelled against Him. Even the dumb animals, the ox and the ass, are responsive to their masters, but the people of Judah do not consider their Lord. This perverseness has brought punishment upon them, and it is only because of Jehovah's mercy that they have escaped the fate of the people of Sodom and Gomorrah.

II. Outward Signs Of Religious Zeal Do Not Deceive Jehovah, verses 10-15.—The prophet now hears in spirit the remonstrance of his audience, Delitzsch thinks. "They would fain represent the accusations which he had just uttered as unfounded, by appealing to their exact observance of the divine law; but in opposition to this ground of self-justification which the prophet has read out of the hearts of those impeached, he but proceeds to prove the divine arraignment which begins in verse ten."

"Hear the word of Jehovah, ye rulers of Sodom," the prophet cries, "give ear unto the law of our God, ye people of Gomorrah." By addressing them as "rulers of Sodom" and "people of Gomorrah," he reminds them alike of their wickedness and of their danger. The "law" to which he bids them give heed, is the inspired discourse he is about to deliver.

In honor of Benjamin Franklin, a tablet has been erected at Auray, France, to mark the spot where the distinguished citizen of this country landed for one of his brief visits to that country.

Minard's Liniment for Distemper.

Chocolate is made from the large seeds contained in the beans of the cacao tree, not the cocoa tree as spelled in Dr. Samuel Johnson's dictionary.

Miller's Worm Powders work so effectively that no traces of worms can be found. The pests pass away in the stools without being perceptible. They make an entire and clean sweep of the intestines, and nothing in the shape of a worm can find lodgement there when these powders are in operation. Nothing could be more thorough or desirable than their action.

Lawyer: "Why do you want a separation from your wife? Aren't your relations pleasant?"

Tired Business Man: "Mine are, but hers are perfectly horrid."

As a vermicide an excellent preparation is Mother Graves' Worm Exterminator. It has saved the lives of countless children.

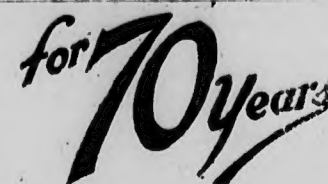

The first attempt to reach the North Pole by air was made by Salomon August Andree, a Swedish scientist, on July 11, 1897. With two companions he left Spitzbergen in a balloon and was never heard from again.

Charleston Dance Contest Judged By England's Leader

Miss Leslie-Sutton, chief judge of the Charleston contest for England, writes: "My unique position in the dancing world today would never have happened if I had not taken care of my health. I constantly had that tired out, depressed feeling, with sick headache, indigestion, biliousness caused by the poisons of constipation. Your mild laxative has been of valuable assistance in keeping my system in a daily healthy condition."

Officers, members and their wives and guests of the Alberta Press Association, on the roof garden of the Palliser Hotel, Calgary, during the annual convention, which closed Saturday, October 22nd.

LESSON No. 17

Question: Why is emulsified cod-liver oil so efficient a food for young children?

Answer: Rickets or weak bones are evidences of lime-deficiency. Emulsified vitamin-rich cod-liver oil helps Nature supply this deficiency.

Pure, pleasantly flavored, nothing quite surpasses

SCOTT'S EMULSION

PAINTED FIRES

BY NELLIE L. McCLUNG

COPYRIGHT, CANADA, 1925

CHAPTER XII.—Continued

Three mines were in operation now, all owned by the same company and all subject to the same conditions. Every one in the valley felt that his stay was but temporary, so no one called it home.

Facing the station stood the Boarding House, where the single men had their meals, a great weather-beaten building, square as a box, sundried and staring. The front of it bore a sign, printed in black letters on a white board:

"Elite Boarding House."

M. McMann, Prop."

M. McMann knew that Eagle Mines could never be her abiding city. Indeed, she had no hesitation in declaring that Canada would lose her just as soon as she made her pile. She would "go back to God's country," which in this case meant Lincoln, Nebraska. Mrs. McMann had often wondered audibly why she had left. Certainly it was not for lack of friends. No woman ever had more friends, and though absent from them now she was not forgotten. To the boarders she gave verbatim extracts of letters she received. Her friends were very insistent for her return. "Why in the world do you bury yourself alive in that cold country, where they have only three seasons, July, Autumn and Winter—a woman like you, who can make her way anywhere?" or "Everybody is asking me when are you coming back—you sure would get a royal welcome."

Some of the boarders rather unctuously urged her to go and never mind

SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan. — "I had inward troubles, headaches and severe pains in my back and sides. I was so sick generally that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was unable to attend to my baby and could not do my work. She told me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood Medicine. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters I receive asking about it." — Mrs. WILLIAM RITCHIE, Box 486, Melfort, Saskatchewan.

W. N. U. 1708

Radio Reduces Cable Receipts

Wireless Generally Has Cut Finances Of Pacific System

A disturbing report with regard to the financial results of the Pacific cable, the Canadian Press learns, will be presented shortly to the governments concerned—those of Great Britain, Canada, Australia and New Zealand.

The use of Empire radio system and wireless generally has resulted in causing a reduction in the Pacific Cable Board's receipts at the rate of £95,000 (\$475,000) annually. It is said, and this will not represent the peak of the board's loss.

The Pacific Cable Board is apprehensive that the Dominion station at Montreal, which will be completed shortly, will result in increased competition and will affect unfavorably the present cable traffic from the U.S. The receipts of the Pacific Cable Board for the current year may meet the expenditures, but it seems inevitable that future years will show a loss.

Of the millions of packages of Red Rose Tea sold, few, if any, are returned as unsatisfactory. That's because Red Rose is packed only in Aluminum. There is never any loss of flavor through dampness. Never any staleness or deterioration. The bright, clean aluminum container keeps Red Rose as fresh and flavorful as the day it was packed.

12T

I cannot let my little girl do that—you work too hard as it is! So you see, never having to do it, I cannot begin now!"

Young Mr. Doran assured her he was quite accustomed to looking after himself, and having finished his meal, he made a neat pile of his dishes, carried them to the kitchen, set on a pot of water to boil, and declared that Mr. McMann had nothing on him in being handy around the house.

Mrs. McMann had picked the young man for an agitator by a simple process of reasoning. Why should a smart looking young fellow, who speaks well and has white hands, come to a coal mine, even if he had a job at the pit-head? It did not look reasonable. One explanation presented itself—he had come to make trouble. Well, the mine boss would not be able to say that she had not told him, for it was her intention to sound the warning note without delay.

But when the next morning this young man carried out a whole tray of dishes, piling them neatly on the table, she decided it was quite unlikely that he had any malicious intent. There couldn't be much wrong with a young man who carried dishes and sang "The Spanish Cavalier." It took her right back to Lincoln. Why, my land! she had sung it once herself at a school concert, her and Lib White, both of them dressed alike in very flax dresses of that swell color called ruddy gore.

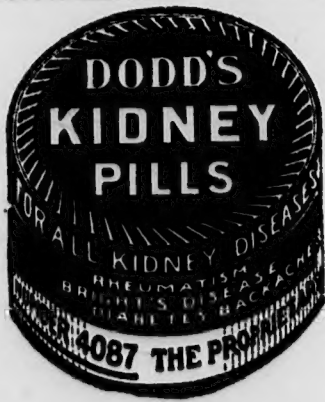

Indeed, it was not many days before Mrs. McMann had decided that Jack Doran was by far the nicest boarder she had ever had. Some people acquire popularity by saying the right word; Jack Doran had won the lady's heart by judicious and interested listening. He really listened. When she gave him bulletins of a more or less intimate nature on the state of her health he listened. When she told him what she dreamed of when under the anaesthetic, he even asked questions. And he did not retaliate by telling her a word about himself.

Young Mr. Doran was deeply impressed when Mrs. McMann hinted at some dark and mysterious disease bravely borne: "I am dying on my feet," she had told him the second day he was there, "but no one will know it till I am gone. It's my way. It's the proud Weekes way. I was a Weekes. Cut me in inches if you like, I will never complain. Poor Mr. McMann of ten remarked on it. 'Girl, you're a wonder,' he often said—he was a great hand to call me 'girl'—he said I was always just a girl to him."

"But see here, Mrs. McMann," protested Jack, in real concern, "why don't you get help here? You're footed to work so hard. You have plenty to do when you do the cooking. Get a girl to do the dining-room work—there are lots of girls who would be glad to do a job, for the summer anyway."

"No, I've tried girls. They get lonesome. It's too far from Jasper Avenue and the Allen Theatre. I don't know what's got into the girls nowadays—they won't work—all they want to do is to primp. They can't cook—they won't learn. They'll depend on canned stuff when they get married, and starve if they lose their can openers. No I won't have another."

"But there's lot of good girls, smart and tidy and all that," protested Jack.

"Yes, maybe, but where could I get one of them?—You tell me and I'll tell you."

This conversation took place at noon. On the four o'clock train came Helmi.

The sun poured down with a pitiless glare on the confirmed ugliness of the little box-like houses. The kindly white snow which had covered the littered backyards, was gone, and now there came in full the piles of cans, discarded clothing, old boxes, old boots, which the snow had mercifully hidden. Water stood in puddles on the one little street where the general store, the hotel, postoffice, mine office, and boarding-house, sat side by side all looking at the station, which, because it belonged to a system and was not dependent on local caprice, had walls of stone gray and a red roof. So far as could be seen, not another tin of paint had ever gained a foothold in Eagle Mines.

(To Be Continued.)

THE ONLY MEDICINE BABY HAS HAD

Is What Thousands Of Mothers Say Of Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that they are without an equal for relieving baby of any of the many minor ailments which afflict him at one time or another. The Tablets never fail to be of benefit—they cannot possibly do harm as they are guaranteed to be free from all injurious drugs.

Concerning Baby's Own Tablets Mrs. Russell Hill, Norwood, Ont., says:—"I shall always have a good word to say for Baby's Own Tablets. I have given them to our baby girl. In fact they are the only medicine she has ever had and I am proud to say that she took second prize at our baby show. She is eleven months old and weighs 22 pounds. No mother whose child is peevish or ailing will make a mistake in giving Baby's Own Tablets."

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

Now the God of hope fill you with all joy and peace in believing, that ye may abound in hope.—Romans xv. 13.

Ah! yet when all is thought and said, The heart still overrules the head; Still what we hope we must believe, And what is given us receive;

Must still believe, for still we hope That in a world of large scope, What here is faithfully begun Will be completed, not undone.

—Arthur Hugh Clough.

All which happens through the world, happens through hope. No husbandman would sow a grain of corn if he did not hope it would spring up and bring forth the ear. How much more we are helped on by hope in the way to eternal life.

—Martin Luther.

Simple and Sure. — Dr. Thomas' Electric Oil is so simple in application that a child can understand the instructions. Used as a liniment the only direction is to rub, and when used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young or old.

And This Is Law

Connecticut has a windshield wiper law which says all motor vehicles except motorcycles must have windshield wipers. Albert Rubenstein had a truck but no windshield wiper. As a matter of fact there was no windshield on the truck to be wiped. There was the windshieldless truck and there was the law. The law won. "Five dollars and costs," said Judge Denning in town court. Albert is in the market for a wiper.

Cheapest Of All Oils.—Considering the qualities of Dr. Thomas' Electric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price no one should be without a bottle of it.

He: "I had a wonderful time at your party last night."

She: "Why, I had no party last night."

He: "That so? Well, believe me, I was at somebody's party."

Industry is born in a man, but laziness is acquired.

Purebred turkey toms, hatched in May. 22-24 lbs \$7.50. Mrs. E. Y. Wood. Phone R106.

Gas Spoiled Sleep, Made Her Dizzy

"For years I suffered from gas and constipation. Used to get headache and dizzy spells. The first dose of Adlerika gave me relief. Now I feel well."—Mrs. B. Brinkley. Just ONE spoonful of Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and remove old waste matter you never thought was there. No matter what you tried for your stomach, Adlerika will surprise you. H. W. Chambers.

Lost

A big beaver fur. Finder please return to phone 57 or the Pioneer office.

Mr. Geo. Roppel and son John of Port Elgin, Ontario, were visitors at the Evangelical Parsonage over last Sunday. The former is an uncle of Rev. H. E. Roppel, pastor of the Evangelical Church here. They left on Tuesday again for Ontario, via Rockyford, Alta., where Mr. Roppel sr. has three sons operating large wheat farms very successfully. One of them threshed 13,000 bushels of wheat this year.

The Women's Guild of St. Cyrian's Church will hold a sale of work and home-cooking on Saturday, December 3rd at the Opera House. Afternoon tea will also be served.

An enjoyable afternoon was spent at the home of Mrs. James Clark on November 18th, when the Women's Institute met and spent the afternoon by having an old-time school with Mrs. C. Deadrick as teacher.

School opened with twenty pupils and several visitors. The program consisted of old time humorous songs and recitations by the pupils and teacher, who were dressed in old fashioned costumes of gingham, pinafores, pigtails and bustles.

Many of the rules were broken by the eating of apples, chewing of gum and flying paper wads and notes, not mention the lovely all-day sucker and munching of lunches and popping paper bags, which kept the teacher on the alert.

The inspector and school board paid an official visit during the afternoon

Luxuries Once But Necessities Now

PRACTICALLY any Canadian citizen may own today an automobile possessing elements of beauty, style, comfort and efficiency which no amount of wealth could have commanded a dozen years ago.

For the automobile industry has outgrown its original function as a supplier of transportation, and has in an amazingly short time, brought about the refinements which are exemplified in the present-day General Motors car.

Since its foundations first were laid sixty years ago, this institution has believed that every Canadian has a right to the best his country produces, has a right to satisfy his sense

of beauty, his desire for comfort, his need for dependability.

General Motors has at its command the master minds of the industry. It has the finest automotive research laboratories and the greatest automobile proving grounds in the world, wherein have been pioneered and developed some of the industry's most revolutionary advances.

And General Motors has used its prosperity and success unstintingly in improving the quality and increasing the value of its products. . . .

It is thus that General Motors of Canada has played its part in translating once-inconceivable luxury into terms of every-day necessity. . . .

and gave much constructive criticism on school management, dress and discipline of the pupils, many of whom were hard to control.

After school was dismissed the business meeting was held, during which the election of officers took place.

Mrs. Wm. McCoy was re-elected president, Mrs. C. Deadrick vice president, Mrs. W. Thurlow second vice president, and Mrs. J. Huget secretary-treasurer.

The remaining officers will be elected at a later date.

The retiring secretary-treasurer, Mrs. W. J. Hillyard, was presented with a beautiful bouquet of chrysanthemums as an appreciation of her untiring service during her three years of office.

A dainty lunch and a vote of thanks to the hostess brought the meeting to a close.

Don't bother to write a letter. Simply look at the red label on the front page of your local paper, enclose \$2

in an envelope (or more if you are in arrears) and address the Pioneer office. This relieves the Pioneer of the necessity of posting you a statement, and imparts a glow to yourself which

is especially appropriate when near the Christmas season.

Some people who think photographers don't do 'em justice, ought to be howling for mercy.

OWNED BY FARMERS

Farmers own U.G.G. Elevators.

Farmers have set the standard of service given by these elevators. The Farmer owners insist on the best possible service for themselves and every farmer, whether a shareholder or not, is entitled to the same service and treatment. And every dollar of earnings of these elevators belongs to farmers.

LOCAL AND GENERAL

The Westcott Literary Society is
holding its first meeting on Decem-
ber 2nd. This is a community
affair. Everybody welcome.

Elmer and Howard Evans of the
Crusaders Tuxis were elected by
acclamation to the Boys' Parlia-
ment which is in session at Christ-
mas. The election is to be held in
the early part of December. Frank
Moyle was elected to represent the
Trail Rangers.

Will all ladies who have been do-
ing needlework for St. Cyprian's
Guild kindly send it in by Wednes-
day, November 30th.

Xmas cards at the Pioneer office

Time is money, but it is in the
form of a cheque; you must cash it
at the Bank of Wisdom.

The Didsbury Curlers will hold
their Annual Whist Drive and
Dance on Tuesday, Nov. 29 in the
Opera House. Good orchestra in
attendance. Card playing com-
mences at 8:30 p.m. sharp. Ad-
mission and supper, 75c. Every-
body welcome.

There will be a dance at the
Mountain View Community Hall
on December 9th. Bellamy or-
chestra. Everyone invited.

Mrs. F. Honeysett returned on
Monday to her home near Nelson,
B. C.

Kendrick and Good shipped in
a car of feeder hogs last week from
Winnipeg. The same firm shipped
out two cars of cattle, one of hogs
and four cars of grain.

On Saturday, at the Oper-
house; Rex, the Devil Horse will
be shown in "No Man's Law." A
unique picture.

Lloyd Hehn has purchased a lan-
dan sedan Chevrolet.

W. J. McCoy was in town on
Monday and reported good progress
on his road contract south of Cal-
gary, fifty per cent. of which has
been completed.

Next Wednesday and Thursday
at the Opera House, the manage-
ment has been fortunate in secur-
ing "Ben Geste." This film has
had a big run in the bigger cities
and to give everyone the oppor-
tunity of seeing it in Didsbury it
will be run for two nights.

A. Bruso, A. McNaughton, P.
saunders, Norman Clark and H.
Pearson are among those attending
the convention of municipalities at
Edmonton this week.

Miss McNaughton left for Van-
couver on Monday to spend the
winter with friends.

A FIVE DOLLAR GOLD PIECE
given away free! Ask about it at
STUDER'S.

A visit was paid to Zetland Lodge
A.F. & A.M., at Calgary on Mon-
day evening by members of King
Hiram Lodge, Didsbury. The
party numbered about fifty and left
on the six o'clock train, to which
a special car had been attached.
Arriving at Calgary the city street
railway had a car ready and con-
veyed them to the Al Azar Temple
where a very interesting evening
was spent. After the lodge session
a banquet in the lower hall was at-
tended by about 200 Masons, songs,
quats, addresses and instrumental
music comprising a program that
was enjoyed to the full. The out-
standing address of the evening
was one delivered by Bro. Rev.
Carmyn-Ching of Edmonton, and
an address, he it said, that was in-
spirational throughout, and full of
interest to all.

Visit Heinz's Soup Kitchen at

For the convenience of owners of the bonds, the Bank of Montreal will accept the
bonds at any time prior to December 1st, and will make payment in each case
on December 1st, either by issuing a cheque or by placing the amount to the
owner's credit in the books of the Bank, as the owner may desire.

Now packed in **Aluminum**, the same as years ago.

RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good.

Winter Traffic

Snow on the city streets should mean to all automobile drivers at least one thing, says a daily newspaper,—a driving speed of at least ten miles an hour less than summer speed. And this word of advice to city motorists may well be passed on to motorists on country roads.

Snow is a tricky surface. It provides good traction on paved streets and hard roads when a car is forging ahead, but no traction at all when the brakes are suddenly applied. In other words, a car can be driven easily on it, but can be stopped only with difficulty.

It is disconcerting to drive up to a street or road intersection at what in the summer months would be a moderate speed, and finding need of applying the brakes, feel the car sliding helplessly onward, or suddenly skidding to the side. It is disconcerting always, and it is frequently dangerous as well.

Experienced and careful drivers have various means of checking this sliding and swaying, but they know there is only one sure method, one real safety device—to drive slowly, and particularly so when near road intersections, curves, culverts, bridges, passing other cars, etc. Only so can a car on slippery roads be kept sufficiently under control for safety.

Pedestrians, too, should take warning. The practice of standing on the road just a foot or so away while a motor passes is dangerous enough on dry roads. It is doubly dangerous after the snow comes. If the driver has need to apply his brakes suddenly the car nine times out of ten will sway to the left or the right, and the pedestrian standing too close is likely to be side-swiped with unpleasant results.

Winter conditions should, in brief, intensify care in driving and walking. There is much greater liability to accident with snow on the ground.

Cold weather brings another danger which is not so much in evidence in summer. In cold weather motorists are tempted to start up their engines and allow them to run for a time to warm up within the closed doors of the garage. As a natural result the garage fills up with the deadly monoxide gas from the exhaust with all the possibilities for tragedy which such a condition brings about.

Another factor which necessitates greater care in winter driving is created by the fact that touring cars have all their curtains up while the windows of closed cars are kept shut. It is not possible, therefore, to signal with the same ease and effectiveness to other cars to the rear regarding the turn a driver may intend to make. In the winter, therefore, greater attention should be paid to the rear than is necessary during the summer months if accidents are to be avoided.

They were discussing physical research, spiritualism, haunted houses, etc. "Do you believe that ghosts walk?" asked one ardent soul of an old gentleman. "Of course, I do," he replied. "There's abundant proof of the fact—haven't you ever heard the 'Dead March'?"

Are You Nervous? Sleepless?

St. Catharines, Ont.—"I was in such a nervous and rundown state of health that I could hardly get around to do my work. I could not sleep and the least noise or excitement would completely upset me and throw me into a nervous spell. I was advised to take Dr. Pierce's Favorite Prescription and I was soon well and strong and have never had another spell of nervousness since."

"I always keep a bottle of Dr. Pierce's Pleasant Pellets in my medicine chest; they are the only medicine I have ever taken that would regulate the liver and relieve constipation without causing distress."—Mrs. Ada Taylor, 46 Wiley St. Send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., if you desire a trial pkg. Favorite Prescription tablets.

DYEING AND TINTING

are so easy and perfect IF you use the same kind of dyes Professional Dyers use. Dyes that are put up in highly concentrated, finely powdered, soluble form. Never any shaving, scraping or crumbling them up. They are—

Ready To Sail the Bay Route

Steamship Company Makes Offer To Operate a Line Of Vessels

The offer of a steamship company with offices in London and Montreal, to operate a line of vessels from Fort Churchill to England and France, in return for a concession in the Fort Churchill District, is the latest incident resulting from the prospect of the completion of the railway and the preparation of the port for initial shipping within the next two years. The Swedish captain, who acts as spokesman for the company in making the offer to the Government, claims to have had a long experience in sailing the northern waters of Europe, going up to Archangel for many years and also into the Baltic Sea. Conditions for navigation on these routes, he says, are very similar to those on the Hudson Bay route and he regards a steamship service as an ordinary business proposition.

The value of the offer will depend on the terms, but the offer itself helps to dispel the idea held by some people of desperate perils of navigation which made the route commercially unfeasible.—Free Press.

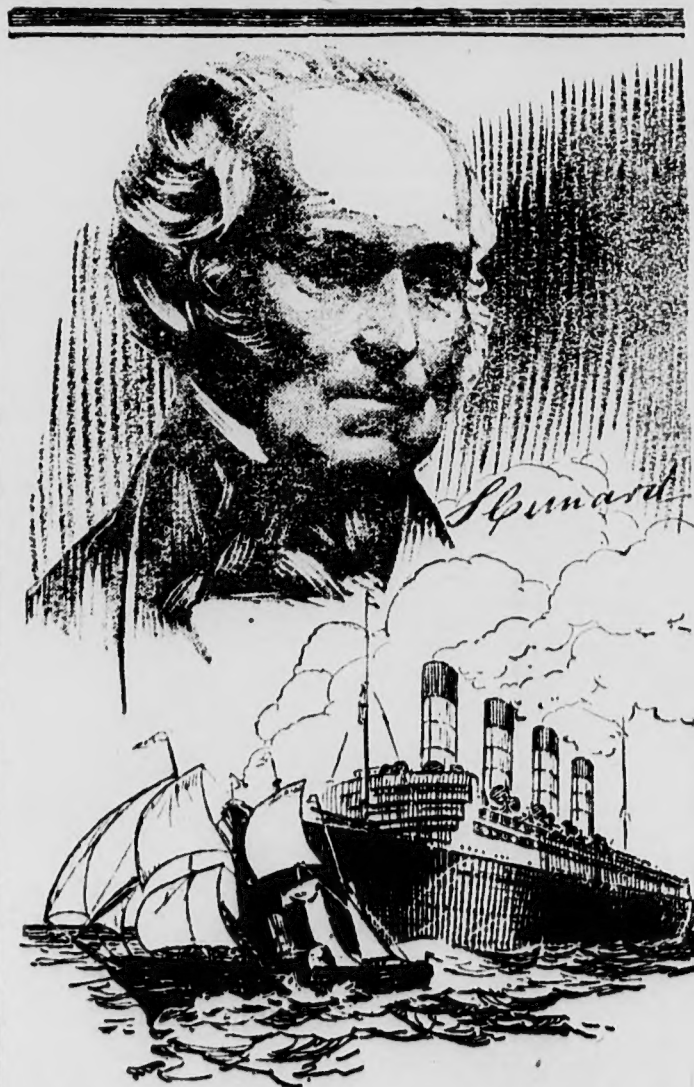

Praise For Canada

Mrs. Stanley Baldwin Lauds Work Of Y.W.C.A. Here

On her recent visit to Canada, Mrs. Stanley Baldwin, wife of Premier Stanley Baldwin, of Great Britain, was "deeply humiliated" to find Canadians surpassed the people of Great Britain in caring for girls who earned their own living. Mrs. Baldwin made this statement in a letter read at the opening of the Young Women's Christian Association annual bazaar in London.

Referring to her visit to Canada, Mrs. Baldwin wrote: "I felt so ashamed when I was forced to admit that we have nothing in London to compare in this direction with the Y.W.C.A. clubs in Quebec, Ottawa and Toronto, and we had but one converted house in George street, Hanover Square, absolutely inadequate for the growing needs of women workers and incidentally the future mothers of our nation."

A Canadian Pioneer of Transportation

Canada has always been a land of pioneers, especially in transportation. One of the greatest of these was Samuel Cunard, the founder of the Cunard Line, who, few people realize, was born in Halifax. He came of United Empire Loyalist stock, and the 21st of November is the anniversary of his birth 139 years ago. It was due to Samuel Cunard's imagination and enterprise that the stout Britannia, practically the first steamship to cross the Atlantic, made her first run from Liverpool to Halifax and Boston in 1840. This little ship with her gross tonnage of but 1150 tons, her modest length of 207 feet, inaugurated an uninterrupted trans-Atlantic service which has been one of the great factors in the development of Canada during the past 86 years. The illustration above shows the founder of the Line, his signature, and the little Britannia contrasted with the Aquitania, representative of the modern, giant liner.

THE GREAT HERBAL SKIN BALM

British Industries Fair

Now Recognized As Greatest Annual Trade Fair Of the World

For the fourteenth consecutive year the British Government announces the holding of the British Industries Fair simultaneously in London and Birmingham from 20th February to 2nd March, 1928.

The British Industries Fair is now recognized as the principal annual trade fair of the world, and buyers from every continent flock to attend it. An idea of the interest taken in it can be gleaned from the fact that the Government itself issues more than a quarter of a million personal invitations to buyers in no less than 94 different countries.

Next year the Fair will surpass all its previous records and booking of space to date has necessitated large extensions and alterations to the buildings of the White City in London, while some completely new exhibition halls have had to be built in Birmingham to accommodate the increasing numbers of exhibitors.

As has been the case for several years past the Canadian Chamber of Commerce in London, is organizing considerable participation by Canadian manufacturers.

The exhibits at the London section of the Fair will consist in the main of such lines as jewellery, watches and clocks, scientific instruments and optical goods, pottery and glassware, leather goods, stationery and sports goods, fancy goods, clothing and textiles, wireless apparatus, electricists and druggists sundries, etc.

Full particulars and advance catalogues of the Fair can be obtained from The British Trade Commissioner, 703, Royal Bank Bldg., Winnipeg, who will be glad to issue invitations on behalf of the British Government to all business men who may require them.

Vancouver As Grain Port

Vancouver port's grain storage is rising rapidly with 3,321,185 bushels reported on October 28th, and boat movement of 307,930 bushels.

CONDITIONS THAT CALL FOR A TONIC

Symptoms That the Blood Is Thin Should Not Be Neglected

Weak, lacking in strength, energy and ambition, nervous, sleepless, poor appetite, digestion disturbed — these are the symptoms of a great majority of people who have been benefited by the use of Dr. Williams' Pink Pills. The great value of this medicine in cases of this kind is proved by the statement of Mrs. W. Hensher, Kingston, Ont., who says: "Following a severe cold I was left in a run-down, nervous condition; I had pains in the back and limbs and could scarcely move about. I did not sleep well at night and was despondent and discouraged. I decided to try Dr. Williams' Pink Pills, and can truthfully say that after the use of six boxes, the change in my condition was nothing short of marvellous. The pains vanished, I slept well, had a good appetite, and in every way felt well and strong. I also gave the pills to my daughter, who was in an anemic condition and feeling quite miserable, and in her case, too, they restored health. I hope my experience may help some other weak person."

Dr. Williams' Pink Pills are sold by all medicine dealers or sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont. A little book, "Building Up the Blood," which contains many useful health hints, will be sent free on request.

But few people ever get so full of emotion that they have no room for dinner.

No matter how deep-rooted the corn may be, it must yield to Holloway's Corn Remover if used as directed.

An eastern company is manufacturing a chemically treated paper, for printing purposes, which will not burn.

ALL-CANADIAN PRODUCE DINNER HELD AT OTTAWA

Toronto. — Sixty years of agricultural development in the Dominion of Canada were fittingly celebrated by representatives of the country's basic industry at an all-Canadian products dinner given by Hon. W. R. Motherwell, Minister of Agriculture, on behalf of the Federal Government, on the opening day of the Royal Winter Fair. The gathering was honored by the presence of His Excellency the Governor-General and in addition to the Ministers of Agriculture from many of the provinces, many leaders in the public life of the country were seated at the head table.

Addresses by Lord Willington, the Federal Minister of Agriculture, and the ministers from the various provinces reflected the spirit of optimism which prevails throughout the country, the great strides which have been made along agricultural lines since Confederation and the prospects for even greater progress in the future.

Following the greeting of the Governor-General, Hon. Mr. Motherwell recalled the advances made in the industry, laying particular stress upon legislative changes designed to improve agricultural conditions, and he was followed by Hon. J. C. Elliott, Minister of Public Works, Hon. J. S. Martin, Ontario; J. Desllets, Quebec; Hon. J. A. Walker, Nova Scotia; Hon. L. Smith, New Brunswick; Hon. A. Prefontaine, Manitoba; Dr. Warnock, British Columbia; Hon. W. M. Lea, Prince Edward Island; J. J. Robertson, Saskatchewan and Hon. George Hoadley, Alberta.

The gathering concluded on a note of caution by the Alberta minister who, while endorsing the optimistic remarks of the various speakers appealed for earnest consideration of the immigration problem. He declared that because of the great industry which had been built up the question as to further settlement and development should be gone into carefully.

"Who are we going to ask into Canada to develop all these things—anybody?" queried Mr. Hoadley. "Our duty is clearly to give some thought to the people who are to be brought into the country."

Will Support Commission

United States Decides To Co-Operate On Disarmament Question

Geneva.—The United States has officially decided to continue its co-operation with the special disarmament commission created by the League of Nations for the preparation of a general conference on reduction in world armaments.

Washington notified the League that Hugh R. Wilson, United States minister to Switzerland, has been appointed American representative on the commission which meets at Geneva, November 29, to continue work on the preparation of a draft treaty.

Gives Figures To Government

London.—Sir Arthur Steel Maitland, Minister of Labor, replying in the House of Commons to a question said in the past 12 months 82 men had applied at Labor exchanges in Liverpool and district for settlement in Canada. Ten of these, he said, had withdrawn their applications and 16 were not acceptable by the Dominion authorities.

Gigantic Airplane Carrier

Camden, N.J.—The United States navy's newest and largest aeroplane carrier, the Saratoga, has gone into commission. Capable of making 23 knots, with its electrically driven propeller, the mammoth 25,000-ton ship is also said to be the fastest large boat afloat. It is to be equipped with 85 aeroplanes and when completed will be assigned to the Pacific fleet.

Mexico Bans Food Exports

Mexico City.—For the purpose of conserving domestic food supplies, the government has prepared an order forbidding the exportation from Mexico of "articles of necessary consumption." These include corn, wheat, beans, peas, potatoes, salt, butter and sugar. Coal may also be included later.

W. N. U. 1708

"Britain's Waning Prestige"

New York Editor Speaks Of Alliance With United States

Chicago.—Great Britain is trying to avert the disintegration of the Empire upon which "the sun never sets" by formation of a union with the United States, Charles Edward Russell, New York editor and lecturer, declared at the trial of William McAndrew, suspended superintendent of schools.

Russell, who was commissioner on public information to England during the world war, was called to substantiate charges of "Major William Hale Thompson that British propaganda had entered schools of the United States in history texts.

Since the world war, British dominions have drawn away from the mother country and the British foreign markets have been narrowed, Russell testified. A waning prestige in world affairs would be restored through an alliance with the United States, he concluded.

Should London propaganda be successful in the United States and an English-speaking union result, a war between Britain and the United States on one side, and France, Spain, Italy, Portugal, Mexico and South America on the other would be inevitable, Russell predicted.

Drastic Changes In Manitoba Liquor Law

Will Be Submitted By Provincial Government When Legislature Assembles

Winnipeg. — In a determined attempt to eliminate the bootleg liquor trade from the province, the Manitoba Government has prepared drastic changes in the provincial liquor laws, according to reports emanating from the parliament buildings. It is reported that not only will the sale of beer by the glass be instituted, as the electors demanded in the plebiscite of last June, but the government will provide for the sale of hard liquor through a cash and carry system.

The Manitoba Free Press says: "Sweeping changes in the liquor laws of the province are made in the legislation which the provincial government will submit when the legislature assembles early next month.

"All existing liquor legislation is repealed and the new law will, according to unofficial but reliable reports, provide not only for the sale of beer by the glass, but for the sale of hard liquor by the bottle, or the cash and-carry system."

Pays Death Duties

London. — Right Hon. Winston Churchill, chancellor of the exchequer, announced in the House of Commons that Lady Houston, widow of Sir Robert Houston, had paid to the government \$7,500,000 as an "act of grace," despite the fact that the wealthy shipbuilder before his death moved to Jersey Island, presumably to avoid the high British death duties.

A More Unified Canada

Toronto. — Despite the attractiveness added to farm life by modern conveniences, Canada's youth will not stay on the land until agriculture is put on the same footing as industry, declared Premier J. E. Brownlee, Alberta, speaking here. He also stressed the interdependence of the provinces, in urging a more unified Canada.

Fined For Cruelty

Ottawa.—Carrying live hens with their heads downward causes the birds unnecessary suffering, Magistrate Hopewell held in the police court here. He fined two women who persisted in carrying their fowl in that manner after they were warned by the Humane Society Inspector.

Prince Is Popular

London.—The second unruly demonstration by admirers of the Prince of Wales within a few days occurred recently when 5,000 women and flappers, who had gathered to watch the Prince emerge from a moving picture show rushed his automobile.

Change Design Of British Coins

London.—On December 1, for the first time since 1816, a simultaneous change in the designs of all British silver coinage will be effective. Gold and copper coinage will not be affected. The alterations are all on the obverse side.

Figures In British Finance

E. R. Peacock, M.A., of London, England, former Canadian, son of a Glengarry minister, and once on the staff of Queen's University, Kingston, who is now a dominant figure in British finance. He is at present in Canada and calls the Dominion the country of the future.

To Represent Canada

Senator Dandurand Will Leave For Geneva Within Few Days

Ottawa.—Hon. Raoul Dandurand, government leader in the Senate, was appointed Canada's representative at the next session of the League of Nations Council, Premier King announced following a meeting of the privy council. The prime minister declared that Senator Dandurand would leave for Geneva within the next day or two to be present at the forthcoming council meeting.

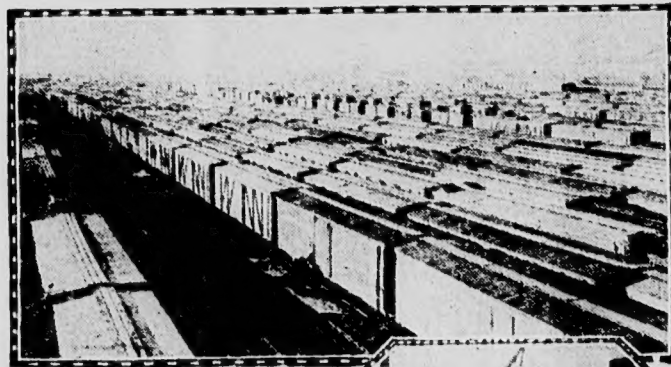

Senator Dandurand represented Canada when this country was elected to the council of the league this year. The prime minister pointed out that the appointment was not permanent.

Eight Fighting Planes

Canadian Government Purchases Machines For Military Training

Ottawa.—The Canadian Government will receive eight fighting aeroplanes during the next month to be sent to Camp Borden, Ont. Planes used in present day military training are divided into three classes—initial training planes, advanced training planes, and service planes. Of the first two classes there are already a number at Camp Borden, but not actual fighting machines, so the final course of a military airman could not be completed there. The new planes will complete the cycle of training.

C.P.R. Handles Record Amount of Grain

Grain marketing and loading figures for the week of October 22 to 23 constituted a record for the Canadian Pacific Railway since that Company first hauled grain out of the West. During the same week the peak of the grain rush was reached and the bulk of the great crop of 1927 hauled to elevators ready for shipment. This period saw 25,331,000 bushels of grain marketed over Canadian Pacific lines, an increase of 11,778,000 bushels over the same period of 1926, which year was considered one of the greatest grain years in history of the west. Monday, October 24 was the record day when 5,110,000 bushels were marketed. This exceeds by several million bushels the total grain production of western Canada in the year 1887.

As a result of the heavy marketing the grain loadings reported by this railway reached a record figure. For the same period this year 12,562 cars

Electric Accumulator Is Latest Invention

Device May Revolutionize Every Form Of Transportation

London.—An electric accumulator, stated to be powerful enough to drive an express train over a long distance on any existing track without a third rail or overhead wires, is being secretly tested in London, says the Daily Express.

The accumulator, or storage battery, is the invention of a Spanish Jesuit priest, Father Almeida, of Salamanca, who is backed by a group of prominent British financiers. The device can also be used on automobiles, the paper said, which foreshadows the possibility of its revolutionizing every form of transportation.

A company has been formed to develop the invention but its directors have refrained from advancing claims for it until its success is demonstrated.

Winners At Royal Show

Grain From Saskatchewan and Manitoba Given Prizes At Winter Fair

Toronto.—A sample of the new variety of wheat, known as Reward, exhibited by William Pierce of Birtle, Man., took first prize in the spring wheat (except durum), competition at the Royal Winter Fair. Some 50 samples were entered in the class.

Second and third places also went to Western exhibitors, Joseph Hames, of Orkney, Sask., taking the second ribbon, with his exhibit of Marquis wheat, while George S. Canfield, of Wildrose, Sask., won third place, also on Marquis.

In the durum wheat class William Darnborough, of Laura, Sask., took first place, while his son won second prize, and J. W. McGhie, of Marquis, Sask., was awarded third.

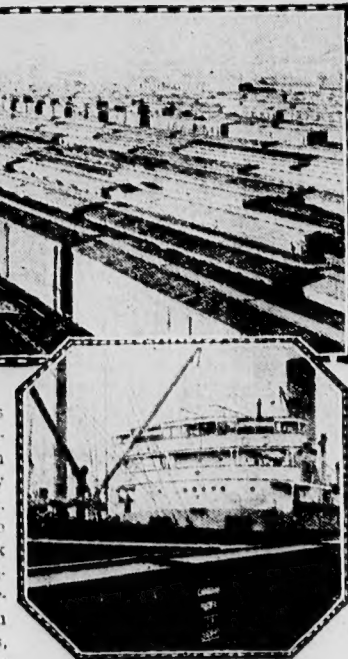

All fall wheat prizes went to Ontario exhibitors.

Name Stations On H.B. Line

Request Made To Name Stations After Men Who Boosted the Road

Saskatoon. — Commissioner J. H. Holmes, of the local Board of Trade sent the following telegram to Hon. C. A. Dunning, minister of railways:

"Ottawa press dispatch, fourteenth instant, states names of stations on Hudson's Bay Railway are now being decided upon. In that connection we courteously express the hope that justice will be done to Saskatchewan men identified for over 40 years with Bay project, and concerning whom unanimous public opinion concedes the rendering of essential service in furtherance of opening the Hudson Bay route. Please acknowledge receipt."

1. View of Grain Cars at the Transcona Yards, Winnipeg. 2. Loading Grain Freight-car at Fort William.

were loaded as compared with 8,370 cars for the corresponding period of last year.

Despite the exceptionally heavy movement of grain, operations at the Transcona yards in Winnipeg, where grain activities centre, have gone along without a hitch. This was made possible by months of preparation for the expected rush.

BRITAIN DECIDES ON REDUCTION OF NAVAL PROGRAM

London.—Although provision was made in current naval estimates for laying down three new British cruisers this fiscal year, only one will actually be laid down, Right Hon. W. C. Bridgeman, first lord of the admiralty, told a questioner in the House of Commons.

Mr. Bridgeman said the Government had decided that in view of the situation disclosed at the recent Geneva tri-partite naval disarmament conference it was not necessary to proceed with laying down the other two vessels this year.

Commenting on the statement The Westminster Gazette's political correspondent says:

"The Government at last has bowed to the storm of protest from the country on the excessive national expenditure and the need for further disarmament measures. Whether, however, Mr. Bridgeman's statement is a concession in form or one of substance cannot be determined until next year's shipbuilding program is presented to Parliament."

Twenty-Five Nations Enter Olympic Games

Hockey Players From Canada Will Participate In Winter Sports

Geneva.—Twenty-five nations have announced their intention to date of participating in the second Olympic winter games in February, 1928, at the famous Swiss winter sport resort of St. Moritz.

Preparations under way as well as the entries that have been made indicate the games will exceed in interest from very point of view the first Olympic winter contests that were held in 1924 at Chamonix.

The official program which will cover a period of a little more than one week, from February 11 to 19, includes individual contests, team contests and demonstrations. These cover skating, skiing, hockey and bob-sledding, besides demonstrations of "skilljoring" or skiing behind horses.

The hockey contests will have representatives of the best ice teams of the world, including those of Norway, Sweden, Poland, Czechoslovakia, Canada and many others.

Horses For Chicago Show

Western Canada Breeders To Have Entries In Livestock Exhibition

Chicago.—The horse breeders of Western Canada, long renowned for their success in the production of high grade draft animals, will come to the international livestock exposition here this week, favored to win a large share of the ribbons in the draft horse division.

Particularly in the Clydesdale class are they expected to make a strong showing.

Many of the familiar names among the Canadian breeders are absent from this year's entry list in the Clydesdale class, Haggerty and Black, breeders of last year's grand champion, are not entered, nor is J. H. Pearce, who bred the reserve champion. However there will be a heavy entry from other Western Canadian breeders.

Man With the Longest Beard Dead

Wahpeton, N.D. — Hans Langseth, 82, Richland County farmer, famous for his 17 foot beard, is dead. For years after letting his beard go uncut from July 14, 1875, he travelled around the world with a circus without meeting a match for his beard, which he could wrap around his neck like a long muffler. In 1922 he won the world's longest beard championship at the days of '49 celebration in Sacramento.

Denied Vote In Ireland

Belfast, Ireland.—The Northern Ireland legislature, by a vote of 25 to 14, has rejected Joseph Devlin's bill giving women the right of franchise at 21, the same as men. Premier Lord Craigavon said that when the Government later introduces its bill to abolish proportional representation it hoped to embody it in a provision for the enfranchisement of women at 21, if the British parliament did the same.

Church Announcements

EVANGELICAL NOTES.

A pre-Communion Service will be held in the church at 8 o'clock on Friday evening of this week. The Conference Superintendent of Missions, Rev. W. W. Krueger, P.E., will be here and will preach, after which he will also conduct a quarterly conference business meeting. Everybody is cordially invited.

Next Sunday the pastor, in company with Rev. W. W. Krueger will hold communion services at Sunnyslope at 11 a.m. Westcott 2 p.m., and in Didsbury at 7.30 p.m. In the pastor's absence from the Didsbury morning service, the pulpit will be supplied.

Saturday, November 20, is annual sale in the Didsbury Opera House, held under auspices of the Ladies' Aid. This year there will be several new features.

KNOX and WESTCOTT

Westcott 11 a.m.
Community Hall 3 p.m.
Didsbury 7.30 p.m.

Everybody make an effort to get to Church this Sunday. For two Sundays we have been limping along due to the cold weather. The Minister is taking for his theme, "Building the City of God."

Community Hall

The weather did pull the joy stick and send a chinook to the district, last Tuesday. Monday at 3 a.m., the thermometer registered 30 below in Edmonton, the coldest city in Canada that day. On Tuesday afternoon Didsbury was just 60 degrees warmer than the capital city the day before. The mild spell gave a fine setting for the chicken supper and many from town, as well as those of the district took advantage of the occasion and were present. The main roads were at their finest. All this goes to show that you never can tell what to expect in roads and weather more from day to day but Community Hall was favored on November 22nd.

Much credit is due to the people of the district for their hospitality. The enterprise was of the nature of a co-operative one, as the concert portion was furnished by the Choir of the United Church at Didsbury, and the lecture on "Ireland" by the minister. Those taking part were Mr. & Mrs. J. R. Miller, Miss Sangster, Mr. J. Boorman, Mrs. Mertens, and Mr. O. Conquest. Rev. A. E. Hayes acted as chairman. A splendid spirit prevailed among the people and indications are that something of a similar nature will be attempted at a later date.

Out of suffering comes the serious mind; out of salvation, the grateful heart; out of endurance, fortitude; out of deliverance, faith. —Ruskin.
